A wide floor plan allows for not one but two expansive patios overlooking Seven Mile Beach. One off the master bedroom, while the largest terrace sits directly off the open plan dining and living area. Both terraces are complete with foldable floor to ceiling glass doors, allowing for seamless indoor-outdoor living. Owning this Kimpton Seafire Condo means immersive panoramic views of Cayman's Crystal blue water that never get old. Top of the line finishes and high attention to detail resonates throughout the condo with the interior spaces crafted by Guerin Glass Architects. The kitchen is outfitted with marble countertops, Sub-Zero appliances, and marine-grade custom cabinetry. The master bedroom speaks for itself; the views are jaw-dropping! In addition to the private terrace, it features two large walk-in closets and an ensuite bathroom that is outfitted with a separate tub and shower and additional closet space. The theme of space and privacy continues into the two guest bedrooms, which boast ample storage and private ensuite bathrooms with great views of the north sound. What's more, the second spare bedroom has a third private terrace looking out to the sound and making the bedroom feel more like a master suite. LEED-certified, with all aluminium hurricane, rated windows and doors, the ten-story Residence at Seafire shares a 12-acre site with the adjacent Kimpton Seafire Resort & Spa, where owners have access to all of the amenities and restaurants.
