**PROPERTY DESCRIPTION**

Immaculately presented 5 bedroom family home with fabulous pool and cabana located in the ever popular Highlands subdivision within a stone's throw of Seven Mile Beach. Meticulously maintained and built in 2017, and extending to 4,400 square feet this ranch style home includes 5 bedrooms, 4 bathrooms, large open plan living and dining, and 2 car garage. The Living areas pour out onto the fabulous covered patio, which in turn abuts the wonderful swimming pool, and the adjacent Cabana that houses the outdoor kitchen and smoker grill. With three bedrooms on the ground floor, and two on the upper the property offers flexible living all the way. The large ground floor master incorporates a vast walk-in closet, spacious bath with soaking tub and separate shower and French doors out onto the patio deck. Two further bedrooms and bathrooms and laundry room complete the ground floor. The upper floor bedrooms, ideal for guests or older children, share a bathroom and have access into the spray foamed insulated attic storage areas. The icing on the cake of this move in ready home is the pottery barn furniture package, landscaped yard with a variety of tropical plants and trees, fully fenced and low maintenance pebbled and synthetic turfed gardens, and large block paved driveway and parking. This home is a must see!
