PROPERTY DESCRIPTION

An extremely rare offering on Seven Mile Beach. This five-bedroom corner penthouse condo is located in one of Grand Cayman's most prestigious communities, The Residences at Seafire. Luxury oceanfront living at its finest. As you enter Residence N1002, you can fully appreciate the expansive floor plan. Featuring 11-foot ceilings and views of more than 100-feet above sea level, you are living in one of the best units on all of Seven Mile Beach. Each of the five bedrooms have views of the Caribbean sea and feature en-suite bathrooms. The master bedroom boasts a jaw-dropping water view with large terrace, walk-in closet, and master en-suite; which has been outfitted with a separate tub and shower. Each of the additional four bedrooms rival secondary master suites, with their individual terraces overlooking the North Sound to the east. Featuring high ceilings, along with the open concept living space and natural light benefits of a corner unit, this almost 4,000 square foot space feels even larger than it actually is. Boasting a kitchen outfitted with Miele and Sub-Zero appliances, custom cabinets, and marble countertops, Residence N1002 rivals a showroom. Owners at the Residences at Seafire gain access to The Nest, a rooftop lounge exclusively for owners' use, that provides residents with the perfect place to meet and entertain. Residence owners are given access to all resort-style amenities and concierge services offered at the neighbouring Kimpton Seafire Resort + Spa, along with their own private amenities privy to the Residences only. The building features hurricane rated windows and aluminum doors. Understory parking is included, along with an extra large storage unit. Vendor open to Lease to Own options. This suite is also available for rent.
